

Re-Application for Counseling Funding

We are very thankful that Covenant Seminary has been able to provide you with several counseling sessions to help you through a difficult time in your life. We pray that these sessions have been encouraging and have challenged you to know yourself better. Most especially, we pray that you have been led to love and depend on Jesus more deeply so that you can be set free to love and serve his people more effectively. We are proud of you for making the effort to seek greater healing in your own life, and for your desire to bring such gospel healing to others as you prepare for ministry.

You have already applied for and received some funds for a limited number of counseling sessions. Reapplying for additional funds involves a slightly different process. As resources for these counseling scholarships are always limited, we do give first priority to new applicants so that the scholarships can be utilized as widely as possible.

To facilitate your reapplication, please answer the following questions as honestly and openly as possible. You will then need to set up an appointment with Megan Jung, Associate Dean of Women, who oversees this program for Student Life, to discuss your application and to try to discern together what the Lord has been doing through your counseling process. This meeting will help us assess your need and Covenant's ability to provide further for a limited number of counseling sessions.
