Bibliography Includes bibliographical references (pages 181-190).

Summary Never say, "It won't happen to me." Just when you think your marriage is safe from adultery is when you may be the most vulnerable. With eye-opening stories, clinical insights, and up-to-date data, Dave Carder reveals what adulterers have learned the hard way-and how their lessons can save us from a world of pain. Dave Carder, counselor and author of the bestselling Torn Asunder (100,000 in print), is a popular speaker on issues of adultery. Here he helps you make your marriage adultery-proof by showing you: How attractions can lead to affairs : Ways you may be vulnerable to affairs : The common ingredients of adultery : How to restore intimacy to your marriage : How to make wise, protective decisions : Marriage is too sacred-and affairs are too deadly-to ignore such a message.
