COVID-19 Response & Protocols — A Snapshot

The fall 2020 semester will be a unique and different semester for students, staff, and faculty. To prepare the campus and ensure a safe environment for all, the Seminary put together a COVID Response Team in the spring semester. The team has met regularly to prepare guidelines and make sure precautions are in place for the fall. This page offers a quick look at what the team has implemented. See the rest of this booklet for more details.

Here is what Covenant is doing to reduce risk of the spread of COVID-19 on campus:

- Classrooms and common spaces are arranged so that all occupants will be six feet apart at all times. Seating charts will be used in all classes.
- Classrooms and restrooms will be thoroughly cleaned after every class period.
- All professors and staff self-screen for symptoms and will wear masks indoors at all times.

Here is what Covenant is requiring from you to reduce risk to yourself and your peers on campus:

- Self-screen, including taking your temperature, before going to class or common areas. Stay home if you have COVID-19 symptoms and report your symptoms to Student Life.
- Stay 6 feet apart at all times, indoors and outdoors.
- Wear a mask at all times indoors and as much as possible outdoors.

Here are provisions and restrictions for life on campus:

- The Library will be open in a limited capacity. See the Library webpage for more details.
- The Community Center will be open with 50 study spaces. Microwaves and refrigerators will be disconnected. See page 30 for more details about the Community Center.
- Co-curricular activities and events will continue with important modifications.
- Access to certain areas in public buildings will be restricted. See later sections of this booklet for details.
- Students who need to miss class due to COVID-19 symptoms will be able to access recordings of the class on Canvas 24 hours after the class meeting.

These guidelines represent a few of the changes we have put in place for benefit of our campus community. We are constantly reviewing our protocols and guidelines and may make changes throughout the semester depending on the situation. We will notify all students, faculty, and staff regarding any changes that take place. Please be sure to read the *Community News* weekly for additional updates.

To review the full response plan, please visit [MyCTS > COVID-19 Info](#).

Covenant Theological Seminary COVID-19 Safety

In preparing for the 2020–2021 academic year, Covenant Theological Seminary remains unwavering in our commitment to the health and safety of our students, faculty, staff, and campus community. With this conviction as our foundation, we plan to resume residential instruction this fall with important safety precautions and protocols in place. The situation surrounding COVID-19 and our nation's response to it is constantly evolving, as is our understanding of the disease. Therefore, it is possible we will need to adjust our plans again as more information becomes available.

Facilities

The following procedures/practices will be in place for all campus facilities:

- Classrooms are arranged to facilitate the maximum number of students while maintaining physical distance of at least 6 feet.
- Faculty, staff, and students will be required to maintain at least six feet of distance from one another on campus.
- Physical barriers and signage will be placed in key locations throughout the campus.
- Drinking fountains will be closed.
- Additional water bottle filling stations have been purchased and will be installed around the campus.
- A robust cleaning schedule will be implemented throughout the day.
- Bathrooms will be limited to one person at a time.

Supplies

The Seminary will encourage healthy hygiene by:

- Having hand sanitizer available throughout the campus.
- Making disinfectant wipes available, as supply allows, for staff to clean their work areas and for students to wipe down their area of their classrooms.
- Requiring faculty, staff, and students to wear a face mask/covering that covers their nose and mouth. We will have disposable face masks available should a personal face mask/covering be lost or damaged during the day.

Meetings

Practices for safe meetings at the Seminary include:

- Holding meetings virtually whenever possible.
- Holding meetings outdoors if meeting virtually is not possible.
- Arranging limited, physically distant indoor meetings in spaces pre-approved by the Facilities Department *if virtual or outdoor options are not feasible.*

Testing & Reporting Protocols

In order to protect the health of the Seminary family and care for one another well, we are asking all faculty, staff, and students to follow the procedures outlined here for health screening and reporting. This includes performing health self-screening *before* arriving on campus every day.

- **COVID-19 Symptoms to watch for:**
 - *Temperature* — If 100.4 degrees or higher, please DO NOT come to campus.
 - *General Health Screening: Signs and Symptoms* — If you have a new or worsened cough, shortness of breath, trouble breathing, fever, chills, muscle aches, sore throat, new loss of taste or smell, DO NOT come to campus.
- **If any of the following apply to you:**
 - You are symptomatic
 - You have been in close contact with someone who tested positive for COVID-19
 - You have been in close contact with someone who is symptomatic but has not been tested
 - You have been in close contact with someone who was in close contact with a symptomatic person
 - You have been in close contact with someone who has been in close contact with a confirmed positive case

Then follow these steps:

- **Students:** Contact **Student Life (Dean of Students)** immediately to report symptoms and outline where you have been while on campus. Also, fill out this form—<https://tinyurl.com/y329d2wj>—and the reporting page on MyCTS.
 - To contact Student Life, call 314.392.4155 or email: studentlife@covenantseminary.edu.
 - **Faculty:** Contact **Dr. Jay Sklar** immediately to report symptoms and outline where you have been on campus. Also, fill out this form: <https://tinyurl.com/y329d2wj>.
 - **Visiting Instructors and Adjunct Professors:** Contact **Jessie Swigart** immediately to report symptoms and outline where you have been on campus. Also, fill out this form: <https://tinyurl.com/y329d2wj>.
 - **Staff:** Contact **your supervisor** immediately to report symptoms and outline where you have been on campus. Also, fill out this form: <https://tinyurl.com/y329d2wj>. Your supervisor will report to **Alice Evans** any staff member reporting symptoms.
 - After contacting the appropriate person above, you should **immediately go home**.
 - Faculty, staff, and students should also **contact their healthcare provider** for additional guidance.
 - **Make known to your appropriate reporting contact any guidance your healthcare provider gives** that is pertinent to public health on campus.
- **Students, faculty, and staff with COVID symptoms should not return to campus until:**
 - 10 days have passed since the onset of the symptoms AND at least 24 hours have passed since the last fever *without* the use of fever-reducing medications AND symptoms have improved.

OR

- The person in question receives a negative result on a COVID-19 test AND it has been at least 72 hours since any symptoms.

- **If you have had close contact with someone who has been diagnosed with Covid-19**, contact the Seminary and quarantine until 14 days have passed since the contact with the COVID-positive individual. *A close contact is someone to whom the confirmed individual was within 6 feet for a cumulative total of 15 minutes or more over a 24-hour period starting from two days before illness onset (or, for asymptomatic clients, two days prior to positive specimen collection) until the time the patient is isolated.*
 - **If you had close contact with a symptomatic person after they became symptomatic or within 48 hours before they became symptomatic, and that person has not received a COVID-19 test result:**
 - quarantine,
 - contact your healthcare provider,
 - fill out this form—<https://tinyurl.com/y329d2wj>
 - contact the Seminary.
 - **If you had close contact with someone who was in close contact with a symptomatic person (who has not received test results):**
 - quarantine,
 - contact your healthcare provider,
 - fill out this form—<https://tinyurl.com/y329d2wj>
 - contact the Seminary for further instructions.
 - **If you had close contact with someone who has been in close contact with a confirmed positive case:**
 - quarantine,
 - contact your healthcare provider,
 - fill out this form—<https://tinyurl.com/y329d2wj>
 - contact the Seminary for further instructions.

Confirmed COVID-19 Case Protocol

CTS will contact the local health department regarding any on-campus confirmed case of COVID-19. If you have a confirmed case, help us ensure the safety of the campus community by following the protocol outlined below.

Points of Contact

- **Students:** Contact **Student Life** at studentlife@covenantseminary.edu or 314.392.4155.
- **Staff:** Contact **Alice Evans** at alice.evans@covenantseminary.edu or 314.392.4053.
- **Faculty:** Contact **Jay Sklar** at jay.sklar@covenantseminary.edu or 314.392.4234.
- **Adjunct Faculty and Visiting Instructors:** Contact **Jessie Swigart** at jessie.swigart@covenantseminary.edu or 314.392.4200.

If You Test Positive for COVID-19

If you are confirmed to have a case of COVID-19, **do not return to campus until:**

- 10 days have passed since the onset of the symptoms AND at least 24 hours have passed since the last fever *without* the use of fever-reducing medications AND symptoms have improved

Confirmed Case of COVID-19 in a Public Building

- Identify who the confirmed individual was in close contact with while on campus. *A close contact is someone to whom the confirmed individual was within 6 feet for a cumulative total of 15 minutes or more over a 24-hour period starting from two days before illness onset (or, for asymptomatic clients, two days prior to positive specimen collection) until the time the patient is isolated. Close contacts will be asked to quarantine.* The Health Department will be contacted and may ask others to self-isolate or quarantine, depending on proximity, length, and conditions of contact. A seating chart will assist the Health Department and may limit the number of people who need to self-isolate.
- In the event a person diagnosed with COVID-19 is determined to have been in the building and poses a risk to the staff or students, certain rooms, buildings, or even the entire campus may close for 48 hours or longer for cleaning and disinfection of that building or exposed areas if unable to clean during the nighttime closing.
- If a faculty, staff, or student tests positive for COVID-19, follow ALL instructions given by the appropriate healthcare provider and the board of health.
- Make known to CTS any pertinent instructions from the appropriate healthcare provider so that the Seminary can help.

Confirmed Case in Apartments or Homes on Campus

- You must quarantine yourself in your place of residence and follow all instructions given by your health care provider and board of health.
- CTS has set aside a few apartments to help dorm students who share a room with another person and must quarantine.
- Communicate any needs you may have to the Student Life office, which will coordinate help getting groceries or other needs as deemed necessary.

Cleaning Protocols

Cleaning schedules and protocols are subject to change as different needs arise, new regulations are added, or existing regulations are modified.

Classrooms

- All surfaces (door handles, tables, chairs, light switches, erasers, markers, podiums, etc.) that have been touched by people in class will be cleaned and disinfected between classes.
- Classrooms will be deep cleaned and disinfected at the end of each day.

Restrooms

- All surfaces (door handles, toilets, sink area, urinals, paper towel dispensers, soap dispensers, etc.) will be disinfected at regular intervals during the day.
- Restrooms will be deep cleaned and disinfected at the end of each day.

Public Areas

- Light switches, doors, handrails, countertops, tabletops, chairs, etc., will be disinfected at regular intervals throughout the day.
- Public areas will be deep cleaned and disinfected at the end of each day.

Offices

If used during day, offices will be cleaned and disinfected at the end of the day.

Placement of Disinfecting Wipes

Availability of wipes is subject to potential industry shortages.

In Classrooms

- Wipes will be located at each available seat.
- Wipes will be located at the podium for instructor use.

In Rayburn Chapel

- Wipes will be located at the podium for instructor use.
- Wipes will be located in windowsills for student use.

In Public Areas (Community Center, Library, Founders Hall)

- Wipes will be located on counters in each of the buildings.
- Wipes will be available at various points in areas for use by patrons in that area.

Chemicals Used

- Soap-and-water solution will be used on all plexiglass surfaces.
- Appropriate disinfecting solutions will be used where necessary.

Equipment Used

- Emist Epix360 Electrostatic Sprayer.
- Microfiber cloth.

Founders Hall COVID-19 Safety

Founders Hall will be open to faculty, staff, and students during the fall 2020 semester. However, due to the protective regulations put forth by our St. Louis County governing authorities, there will be restrictions in place by which all occupants of the building must abide. Staff members who *can* work from home are to *remain* working from home for the time being. For those who must use the building, the Seminary has taken several steps to ensure that it will be a safe and healthy environment.

Classrooms

- Each classroom will have a specific set of guidelines to be followed at all times. See Classroom Protocols sheet for specifics.
- No-touch hand sanitizer pumps are located outside of each classroom door. Pumps are also located throughout the building.

Restrooms

- Restrooms are to be used by *one* person at a time.
- ADA stalls in both men's and women's restrooms will be open.
- One urinal in men's restrooms will be open.
- Occupied/Unoccupied signs have been attached to the restroom doors. Please make sure to use them when you enter and leave.

Kitchenettes

- Kitchenettes will be open for use by faculty and staff.
- Microwaves will be available for use. They must be wiped down after usage.
- Refrigerators will be available for use, but it is advised that lunches be kept in a cooler in personal offices.
- Communal coffee pots will NOT be available for use until further notice.
- A Keurig coffee maker may be used; when making coffee please use a personal coffee mug and spoon.

Workrooms

- There should only be one person at a time in any of the workrooms.
- Copiers and other high touch surfaces are to be cleaned after every use.

Office Suites

- Staff and faculty office suites will remain locked and closed to students.
- Students or visitors will need to receive permission and/or schedule an appointment before entering any office suite.
- Staff and faculty directories will be posted on suite doors with contact information.

Conference Rooms

- Conference rooms should be used only after other virtual and outdoor options have been explored.
- Departments should talk to facilities about use of the conference rooms.
- Conference rooms are not to be used as study space by students.

Office Hours with Faculty

- All office hours will be held virtually if possible.
- If an in-person meeting is needed, the meeting can take place outside. If social distancing is practiced outdoors, then face masks can be removed.

Water Fountains

- Water fountains will be closed for use. The Seminary encourages everyone to bring their own water. No-touch refill stations for water bottles will be available.

Signage

- Signage has been placed around the building with instructions for different occupancy limits, hygiene reminders, requirements, etc.
- Faculty, staff, and students are expected to follow all posted instructions.

Cleaning

- Trained Seminary staff will disinfect the classrooms after each class.
- Restrooms will be disinfected after each class session.
- High-touch surfaces will be disinfected throughout the day.

PPE Supplies

- Disposable face masks will be available if a personal mask breaks or is lost while on campus. If you need a mask:
 - Students should contact **Student Life**.
 - Staff should contact **Operations or Facilities**.
 - Faculty should contact the **Faculty Secretary**.

Visitors – General

- Visitors to the campus will be kept to a minimum.
- All visits must be approved prior to arriving on campus.
- Visitors will be asked to comply with all the Seminaries COVID-19 policies, which include:
 - Doing a self-health screening before arriving to campus.
 - Wearing a face mask/covering at all times which must cover nose and mouth.

Visitors – Admissions*

- Visitors and prospective students should schedule campus visits in advance with Admissions staff.
- Walk-in visitors will be asked by the front desk staff to comply with self-screening protocols before entering the Admissions suite.
- Prospective students with an appointment should follow campus-approved self-health screening protocols before coming to campus.
- Campus tours will be conducted by Admissions staff in accordance with available classes, meetings with faculty and staff, and campus buildings that can be viewed. Tours may need to be modified as regulations or protocols change.
- Face-to-face meetings between visitors and Seminary staff should be held in the following order of locations:
 - Outdoors (weather permitting).
 - In the Admissions suite lobby (with 6 feet of separation).
 - In the Founders 104 conference room – using the plexiglass dividers currently on the conference table.
 - At the end of the meeting, the room must be wiped down with approved disinfecting wipes.

** With the exception of Admissions, all offices in Founders, including the faculty lobby and One-Stop, will be closed to drop-in traffic. Students will need to make an appointment and be let in. Posted on all suite doors will be a staff directory including contact information for that suite.*

Office Spaces

In an effort to maintain a healthy and safe working environment, the Seminary is asking that all staff who can perform their main duties from home continue to work remotely. Regular use of your on-campus office will need to be coordinated and approved by your supervisor.

Shifts

- With the exception of faculty offices (see below), please keep one unoccupied office between any occupied offices. To accomplish this, half of the offices should be used in the morning and the other half in the afternoon.
- Due to the nature of faculty schedules, adjacent faculty offices may be occupied at the same time. However, faculty should limit time in their offices as much as possible.
- In-office work shall be kept to a four-hour shift, either morning or afternoon. *Any exceptions will be made on an individual basis.*
- If an office is shared by multiple people, only one person may work in that office at a time.

Room Capacity Limits

Due to the St. Louis County regulations on occupancy limits, all classroom capacities have been reduced to meet said requirements. Numbers below indicate total number of available student seats and one professor.

Founders Hall

Buswell Library

B111: 26

Classroom Protocols — Students

For Founders Hall, Rayburn Chapel & Buswell Library Classrooms

1. Students should not arrive more than 10 minutes prior to the start of class.
2. To help maintain physical distance between the professor and students, do not use the front set of table and chairs in any classroom. Please practice physical distancing at all times.
3. Seating arrangements will be done in accordance with St. Louis County requirements to maintain proper physical distancing. Having a seating chart like this will reduce the number of students who may need to be quarantined if there should be a positive COVID-19 case.
4. Do not rearrange the tables and chairs in the classrooms.
5. Students are required to sit in the same seat in every class meeting.
6. Students must wear a face covering while on campus in accordance with St. Louis County requirements. **The face covering must always cover both the nose and mouth.**
7. Out of an abundance of caution, children over 1 year old will not be allowed to attend class with their parents during the fall 2020 semester. While we do make allowances for infants under 12 months, we implore parents not to bring the child to class if the child has a cough or fever.
8. A/V equipment in the classrooms is not available for student use.
9. Students are to use the supplied disinfecting wipes (as supply permits) to wipe down their desks and chairs at the end of class.
10. After class, students should leave the classroom quickly, keeping 6 feet of distance, so that cleaning can be completed before the next class begins.
11. Restrooms may be used by only one person at a time. Please make use of the supplied “Occupied/Not Occupied” signs as you enter and leave the restroom.
12. Office hours with professors will be held virtually or outside. If safe social distancing is observed while meeting outside, face masks can be removed.
13. To meet with a professor, make an appointment online in advance using the professor’s Calendly account (see syllabus of your class for details) or via email for professors without Calendly accounts.
14. Students should follow any instructions found on the signage around campus to ensure the health and safety of all.
15. Students who choose not to wear a face mask/covering or who do not follow other safety protocols while on Seminary property will be asked to leave.

Classroom Protocols — Professors

For Founders Hall, Rayburn Chapel & Buswell Library Classrooms

1. Professors should not arrive more than 10 minutes prior to the start of class
2. To help maintain physical distance between the professor and students, do not use the front set of table and chairs in any classroom. Please practice physical distancing at all times.
3. Seating arrangements will be done in accordance with St. Louis County requirements to maintain proper physical distancing.
4. Professors should not rearrange the tables and chairs in the classrooms.
5. Professors will make a seating chart based on where students sit the first day of class. Having a seating chart like this will reduce the number of students who may need to be quarantined if there should be a positive COVID-19 case. Gerry Reimer will put seating charts in your box along with your attendance sheet. That seating chart must be returned to Gerry Reimer so it may be kept on file.
6. Professors will need to wear a mask/face covering while on campus in accordance with St. Louis County requirements. **The mask/face covering is always to cover both the nose and mouth.**
7. A/V equipment in the classrooms is not available for student use.
8. Restrooms may be used by only one person at a time. Please make use of the supplied “Occupied/Not Occupied” signs as you enter and leave the restroom.
9. Office hours with students should be held virtually or outside. If safe social distancing is observed while meeting outside, face masks can be removed.
10. To meet with professors, students should make appointments online in advance via Calendly or via email for professors without Calendly accounts.
11. Professors should follow any instructions found on signage around campus to ensure the health and safety of all.
12. Professors should enforce all classroom protocols while class is in session. If a student refuses to follow instructions given, contact the Campus Safety office by dialing 4111 on a campus phone or by calling 314.581.7212.

COVID-19 Safety for Study Spaces

Indoor study space is at a premium on campus as we work to ensure at least six feet of space between people at all times. The Community Center has limited seating available. The Library also has limited spaces. To facilitate these spaces well, students will need to adjust their between-class study habits. Please follow the guidelines below.

Indoor Study Spaces

Students Who Live Off Campus

In an effort to care for our entire community, we are asking all off-campus students to limit study time on the Seminary campus in our shared spaces. On days when you have classes, please arrive as close to the course's starting time as is reasonable for you and your commute. Following the end of your last class for the day, please limit your time on campus, again based on what is reasonable for your commute.

Students Who Live on Campus

On-campus students who can use their apartments for studying are encouraged to do so whenever possible. Outdoor spaces across the campus can be used as weather permits. If you use any indoor on-campus study spaces, please only do so during "down times." We strongly urge on-campus students to use these spaces during hours *other than* the following, which coincide with commuter students:

- 10 – 11 a.m.
- 12 – 2 p.m.
- 5 – 6 p.m. on Thursday nights

Other Study Spaces

Outdoor spaces across the campus can be used as weather permits, but please continue to practice safe social distancing. Facilities is working to open other spaces during the day for studying and eating lunches. Look for signage indicating which spaces may be used and when.

COVID-19 Safety for Rayburn Chapel

Rayburn Chapel will be open to faculty, staff, and students during the fall 2020 semester. However, due to the regulations put forth by our St. Louis County governing authorities, there will be restrictions on all occupants of the building. The Seminary has taken several steps to create a safe environment for those who use the Chapel.

Rayburn Chapel

- Students are to use the seats designated for them in the main Chapel.
- Students are not permitted on the main stage of the Chapel.
- When you leave, use the disinfecting wipes provided by the Seminary (as supply allows) to wipe down any arm rests or small writing tables you used.
- To ask questions during class, use the stand mics located around the room.
- Hand sanitizer will be located in the foyer.

Rayburn Classroom (R3)

- Sit only in appropriately indicated chairs.
- Students should stay off the stage while the professor is using it.
- Before you leave, use the supplied disinfecting wipes to wipe down the seating area you used.
- Hand sanitizer will be located outside of the classroom entrances.

Restrooms

- Restrooms are to be used by only one person at a time. Please make use of the supplied “Occupied/Not Occupied” signs as you enter and leave the restroom.
- Observe and follow any signage about paths to get to the restrooms.

Water Fountains

- The water fountains will be closed. We encourage everyone to bring their own water. No-touch water bottle filling stations will be located around campus.

COVID-19 Safety for Buswell Library

Buswell Library will be open to faculty, staff, and students during the fall 2020 semester. However, due to the regulations put forth by our St. Louis County governing authorities, there will be restrictions on all occupants of the building. Any Library staff who can work from home are to continue to do so. The Seminary has taken several steps to create a safe environment for those who use the Library.

Hours

- Monday, Thursday: 9 a.m. – 9 p.m.
- Tuesday, Wednesday, Friday: 9 a.m. – 5 p.m.

Students, faculty, staff, alumni, and other patrons of the Library will be able make appointments in two-hour blocks to use designated areas and selected resources for study and research.

As the semester progresses, we will monitor demand for on-site use of the Library, transmission of COVID-19 within the St. Louis region and the Covenant community, local health guidelines, and any other appropriate indicators. If all of those indicators are positive, we will consider adding evening hours on Tuesday and/or adding Saturday hours.

Library Usage

Access

Physical access to the Library and its materials may be limited in certain ways, especially at first, to ensure the health and safety of patrons and Library staff.

Phase 1

Patron access is limited to the main level. The lower level is closed, including the stacks, computer lab, AV room, etc. Patrons may use materials from the Reference section, print periodicals, and B121. Books from the stacks, AV materials, and any other materials located on the lower level must be requested through the Library catalog and pulled by the Library staff.

Maximum capacity: 19

Phase 2

The lower level is opened, and patrons may retrieve their own items from the collections on that level, but they are encouraged to continue requesting materials through the catalog for pickup.

Maximum capacity: 39

Requested Item Pickup

Patrons may request materials through the Library catalog to be pulled by Library staff and made available for pickup in two ways.

In-Library

Patrons may enter the circulation area to pick up requested materials at the circulation desk. No appointment is necessary, but there is a *limit of 3 people at a time in the circulation area*.

Curbside

As an alternative to entering the Library, patrons may park in a designated parking space and then call, text, or chat to initiate curbside pickup. Patrons will be required to provide their name and Library card number so the Library staff can locate their requested items and check them out. The Library staff will then take the items to the patron's car and place them in the trunk (or back seat, if necessary).

Course Reserves & Reference Scanning

As an alternative to visiting the Library to use physical course reserves and reference materials, students, faculty, and staff may request scans of individual chapters or similarly short sections of books. Requests for multiple sections from the same book by the same individual—whether all at once or in multiple requests over time—may not be honored if the cumulative effect is to obtain a substantial portion of the work.

The Library will also highlight the availability of e-book copies of reserve materials, especially when such items are available under an unlimited user license.

Materials Handling

Borrowed Materials

All materials that have been checked out, upon being returned and checked in, will be quarantined for at least 72 hours.

Materials Used In-House

Patrons will be asked not to shelve materials when they are finished with them. Library staff will collect such items and quarantine them until the following day.

Services

Reference Services

Research assistance will be provided by email, text chat, and online appointment.

The Scribe Writing Center

Writing assistance will be provided by online appointment only.

Instructional Services

Research and writing instruction will be provided virtually through live online workshops, pre-recorded videos, and/or written online guides.

Personal Protective Measures

The following measures will be put in place to ensure the health and safety of the Library's patrons and staff.

Cleaning

The housekeeping staff will perform routine cleanings of the Library and additional cleanings of high-touch surfaces in accordance with campus-wide cleaning protocols.

Library staff will periodically wipe down high-touch surfaces such as keyboards, mice, copier controls, tables, etc., as use is observed. Staff will also sanitize shared work areas after use.

Disinfectant wipes will be made available throughout the Library for patrons to self-clean areas as desired.

Screening

Students, faculty, and staff (including Library staff reporting to work) will be expected to self-screen prior to coming to campus each day. Self-screening should include a temperature check, as well as taking note of symptoms such as a new or worsened cough, shortness of breath or trouble breathing, fever, chills, muscle aches, sore throat, or new loss of taste or smell. Anyone with these symptoms or a temperature of 100.4°F or higher should not come to campus.

Any outside visitors (including alumni) will have their temperature taken and will be asked to verbally complete a symptom checklist before being admitted to the Library.

Social Distancing

Patrons

Building capacity will be limited and controlled through the use of an appointment system, as described above, and patrons will be encouraged to keep at least 6 feet apart at all times.

Chairs will be removed to encourage socially distanced seating. Study rooms will be limited to one person at a time, unless all of the occupants of the room live together or are part of an organized social bubble or pod.

Distance markers will be placed on the floor in the circulation area to indicate appropriate social distance when lining up to be served at the circulation desk.

Staff

Offices, work rooms, and break rooms will be limited to one person at a time.

Personal Protective Equipment

Patrons. Patrons will be required to wear a face mask or covering at all times while in the Library (unless they have a health condition that prohibits the wearing of a face covering). Face masks and coverings must be made out of a material that can catch respiratory droplets and must be worn such that they securely cover both the mouth and nose. Disposable face masks will be provided to any patron that does not have their own.

Staff. Library staff will wear a face mask unless they are working alone in an office (with the door closed) or outside. In addition, Library staff will always wear a face mask when handling outgoing Library materials.

Library staff will wear gloves when handling returned Library materials.

Hygiene

Patrons. Patrons will be asked to wash their hands or use hand sanitizer before entering the Library and as they leave.

Staff. Library staff will wash their hands with soap and warm water for at least 20 seconds upon arriving at work and before leaving. They will similarly wash their hands, or use hand sanitizer, regularly throughout the day, especially when switching tasks or workspaces.

Facility. The circulation desk will be outfitted with a plexiglass barrier. Interior doors will be propped open where feasible so that door handles do not need to be touched. Office windows may be opened to provide fresh air flow, but be sure to close and lock all windows before leaving for the day.

COVID-19 Safety for the Counseling Center

Located in Buswell Library

The Covenant Seminary Counseling Center on the second floor of Buswell Library will be open to faculty and staff during the fall 2020 semester. However, due to the regulations put forth by our St. Louis County governing authorities, there will be restrictions on all occupants of the building. Any staff who can work from home are to continue doing so. The Seminary has taken several steps to create a safe environment for those who use the building.

Accessibility

- The Counseling Center is open for *counselors only*. No guests or clients will be permitted in the space.
- The Center will only be open from 9 a.m. to 5 p.m. Monday through Friday.

Office Spaces

- Professor offices are to be used by professors only.
- Meetings will be done virtually.
- No guests or clients are allowed in office spaces.
- Keep an empty office between any occupied offices; to accomplish this, half the offices should be used in the morning, the other half in the afternoon (see “Shifts” below).
- If an office is shared by multiple people, only one person may work in that office at a time.
- Office coordination will be handled by Kristi Totty.

In an effort to maintain a healthy and safe working environment, the Seminary is asking that all staff who can perform their main duties from home to continue working from home. If you need to come in to your workspace, coordinate this with your supervisor.

Shifts

In-office work shall be kept to a 4-hour shift, either morning or afternoon. Exceptions will be made on an individual basis.

Counseling Rooms

- Only 1 occupant may be in a counseling room at a time.
- Rooms will be used to hold virtual meetings with clients.
- No guests or clients are allowed in the rooms at any time.
- Rooms will be available on a first come, first served basis **by reservation**. Reservations may be made for the whole semester. To reserve, use this link: counselingreservations@covenantseminary.edu

General Information

- The front desk will be staffed by one staff member during hours of operation.
- Everyone must sign the “Daily Attendance Log” at the front desk.
- Client notes will remain on TherapyNotes. Filing cabinets will not be used.
- Face masks/coverings are required at all times while in the building. This includes the common spaces, hallways, and restrooms. Masks may be removed once alone and the office door has been closed.
- Frequent handwashing is highly encouraged.
- Office spaces and counseling rooms will be wiped down by the user with provided disinfectant wipes.
- Restrooms are limited to one person at a time. Please use the supplied “Occupied/Unoccupied” signs as you enter and leave.

Kitchenette

- The kitchenette will be open for use by faculty and staff.
- Microwaves will be available for use. They must be wiped down after usage.
- Refrigerators will be available for use, but it is advised that lunches to be kept in a cooler in personal offices
- Communal coffee pots shall not be used.
- Water fountains will be closed. Please bring your own water. No-touch water bottle filling stations will be located around campus.

COVID-19 Safety for IT Services

Located in Buswell Library

The Covenant Seminary IT Services department on the second floor of Buswell Library is only open to ITS staff. ITS will follow strict numbers of occupancy to ensure the safety of the IT team and the people they serve. Individual staff members who can work proficiently from home will continue to do so. We will be limiting the number of IT staff physically present on campus at one time to 2 or 3. If there is a spread of the virus, ITS can thus ensure that half the department is healthy enough to maintain all critical systems and campus functionalities.

Technology Support

- ITS will communicate primarily through calls, emails, instant message, virtual meetings, and remote computer sessions for support services as much as possible.
- If we need a computer to be physically present to repair it, then ITS has a drop-off table located in the Buswell lobby (computers will be disinfected before and after repair).
- If a staff, faculty member, or student needs to be present during trouble shooting, ITS personnel will schedule a safe location to meet with plenty of room for social distancing with 6 feet as a minimum.

Audio/Video Support

- AV will communicate primarily through calls, emails, instant message for support services as much as possible.
- When an AV technician needs to be present, please provide at least 6 feet of social distancing for the technician to work. This included staff, faculty, and students.
- All technicians are required to wear a mask all times outside of their personal office.
- All equipment touched by technical support personnel will be wiped down and disinfected once the technician is finished.
- Students and staff should refrain from touching any AV equipment that is not assigned to them. Faculty will have minimal interaction as needed.

Office Spaces

- IT Services offices will be off limits to other personnel besides IT.
- Only 1 staff member is allowed in an office at a time.
- Guests or vendors are not allowed to meet in any office areas (outside or open lobby preferred).
- All Meetings will be done virtually with Zoom or Teams.
- One empty office will be kept between occupied offices.

General Spaces

- Face masks/coverings are always required while in the building. This includes the common spaces, hallways, restrooms. Masks may be removed once alone, and the office door has been closed.
- Frequent handwashing is mandatory before and after any computer or AV equipment is touched by an IT technician.
- Office spaces shall be wiped down by ITS personnel if entered by ITS personnel.
- Restrooms are limited to one person at a time. Please make use of and observe the supplied “Occupied/Unoccupied” signage.
- Water fountains will be off limits. Please bring your own water. No-touch water bottle filling stations will be located around campus.
- Kitchenette will be available for staff use only.

If you need to make a special request that falls outside these protocols, call Ryan Johns, ITS Director at 314.392.4139 (office) or 314.614.1493 (mobile).

COVID-19 Safety for Edwards Hall

The Community Center in Edwards Hall will be open to faculty, staff, and students during the fall 2020 semester (see page 32). Old Edwards Hall will be closed to students at the start of the fall semester. Due to the regulations put forth by our St. Louis County governing authorities, there will be restrictions on all occupants of the building. Any staff who can work from home are to continue doing so. The Seminary has taken several steps to create a safe environment for those who use the building.

Student Life

- All meetings with students are to be done virtually or outdoors. The Dean of Students' office may be used for one-on-one meetings if both persons practice social distancing and wear face mask/coverings.
- The Student Life Lounge and E11 (Fishbowl Room) will be reserved for Student Life to meet with students in person (with appropriate precautions).
- If meetings take place outside and social distancing is observed, then face masks can be removed.

Office Spaces

In an effort to maintain a healthy and safe working environment, the Seminary asks that all staff who can perform their main duties from home continue doing so. If you need to come in to your workspace, coordinate this with your supervisor.

If working in your office, keep an empty office between any occupied offices. To accomplish this, half of the offices shall be used in the morning and the other half shall be used in the afternoon (see "Shifts" below).

If an office is shared by multiple people, only one person may work in that office at a time.

Shifts

In-office work shall be kept to a 4-hour shift, either morning or afternoon. Exceptions will be made on an individual basis.

Lounge

The Lounge will be closed to students but can be used to facilitate meetings with Student Life.

Piano

The piano is not to be used by students. The Chapel Coordinator may use it at his discretion/

E11 (Fishbowl Room)

The Fishbowl Room is closed to students but can be used to facilitate meetings with Student Life.

Guest Housing

Guest housing will be closed for the fall semester.

Edwards Hall Kitchen

The kitchen located in Edwards Hall is to be used by STAFF only. It is not open for student use. Surfaces must be wiped down after every use.

COVID-19 Safety for the Community Center

Kitchenette Area

- Refrigerators will be unavailable for the fall semester.
- Microwaves will be unavailable for the fall semester

Café

The café will be closed for the fall semester.

Tables and Chairs

- The Great Room will have limited seating for studying and/or eating.
- During the lunch hour all spots will be reserved exclusively for eating.
- Do not rearrange the tables and chairs.
- If you use a table, please wipe the table and chair after use with disinfecting wipes (as supplies allow).
- Seminary staff will also be wipe down tables and chairs throughout the day.

Ping Pong Room

This will be a study room for the Fall 2020 semester, with 20 study spots available for use.

Restrooms

Only one person may be in a restroom at a time. Please make use of and observe the supplied “Occupied/Unoccupied” signage.

Vending Machine

There will be no access to the vending machine during the fall semester.

Water Fountain

- Water fountains will be closed. Please bring your own water.
- No-touch water bottle filling stations will be available around campus.

COVID-19 Safety for Campus Dorms & Houses

The Seminary asks that students and their families who reside in Covenant-owned apartments and houses observe and abide by the following policies.

Daily Health Screening

Please actively and daily monitor your personal and family health. Familiarize yourself with the signs and symptoms of COVID-19. If you develop any of the symptoms, contact your health care provider ASAP.

If your healthcare provider recommends that you be tested for COVID-19, you must follow all the provider's instructions as well as St. Louis County's guidelines. Contact the Resident Manager about the instructions given and what you are doing.

For more information, see the St. Louis County COVID page: <https://stlcorona.com/>

Dorm Students

For dorm students who are double-bunking and have concerns for their health during this time, contact the leasing office ASAP.

Physical Distancing

If you are not members of the same household, please practice social distancing of at least 6 feet in compliance with St. Louis County health orders.

Visitors

If you are planning on having visitors to your apartment, please follow all current policies regarding visitors as found in the *Housing Handbook*. Have visitors monitor their health before coming to the campus. They MUST show no signs or symptoms before arriving on campus.

COVID-19 Safety for Co-Curricular Activities & Events

The Seminary remains committed to providing the essential co-curricular activities vital to your educational experience. In order to do this safely, all co-curricular events have been modified as described below.

Chapel

We are still deciding on the feasibility of in-person chapel services for this semester. If they take place, the following guidelines will be in effect.

Capacity

Capacity will be limited so that people can maintain 6 feet of distance from one another at all times. A Student Life staff member will be present at the entrance to Rayburn Chapel to count each person attending chapel. Once capacity is met, students will be directed to the Preaching Chapel in Founders Hall (F342) to view the service over livestream. Students uncomfortable with attending Chapel in-person will be able to view it through MyCTS under the Student Life tab titled “Chapel.”

Entrance Requirements

Masks will be required for all persons entering Rayburn chapel. Proper social distancing will be monitored and enforced, both as people line up outside (observing the chalk marks on the sidewalk) and as they enter the Chapel. Once attendees are counted and allowed to enter, another Student Life staff member will open the outside door and direct them to use the center aisle to find their seats.

Hand sanitizer and one disinfectant wipe will be provided to each attendee as they enter the building. A third Student Life staff member will act as usher to those entering, directing attendees to the balcony when the main floor is filled. If the balcony is used, attendees will be directed to enter through the east staircase and exit through the west staircase.

Signage will reflect the campus policies regarding mask and social distancing requirements.

Participants

All participants in the Chapel service will be required to wear masks and maintain 6 feet of spacing as they move to their positions on stage or at the podium. Speaker and musicians are always to wear a face mask.

Dismissal/Cleaning

All people will be dismissed by row through the interior side doors of the chapel and through the main doors. Facilities staff will then perform routine cleaning after all people have exited.

General

Food and drinks (other than water bottles) will not be served or allowed into the Chapel space. Restroom use will be limited to one person at a time as per campus policy.

If communion is served during Chapel, we will provide individual containers.

Attendees will be limited to entering and exiting through the main outside entrance. All personal items must be brought to attendees’ seats (no backpacks left in the foyer as we have typically done).

Outside Visitors

We ask that all students/staff who would like to bring an outside guest/visitor get this cleared with the Student Life team at least 24 hours prior to the start of Chapel. An outside guest/visitor is anyone who is not a current student, staff, faculty member, or immediate family member of a current student, staff, or faculty member.

Children, Families, and Households

The last two rows of the main floor of the Chapel will be reserved for students with children. Children under the age of 2 are not required to wear masks, and those ages 3–9 are encouraged but not required to do so under the supervision of their parent or guardian.

Couples or those who live in the same household are *not* permitted to sit next to one another as it will disrupt the strict seating arrangement that complies with the St. Louis County guidelines.

Morning Prayer

Masks will be required, and social distancing will be maintained before, during, and after each Morning Prayer session. Campus policy regarding restroom use and space capacity will be followed. The Morning Prayer facilitator will be responsible for ensuring that safety guidelines are met. Those who do not feel comfortable with attending Morning Prayer in person may wish to take advantage of the once-a-week Morning Prayer via Zoom.

Cohort Groups

Masks will be required and social distancing will be maintained before, during, and after each Cohort Group meeting. Campus policy regarding restroom use and space capacity will be followed. The Cohort leader will be responsible for ensuring that safety guidelines are met. No food or drink will be permitted during the group meeting. Student Life will supply each individual with their own personal supplies to make their life egg.

Covenant Groups

If the group meets inside, masks will be required, and social distancing will be maintained before, during, and after each Covenant Group meeting. Campus policy regarding restroom use and space capacity will be followed. The Covenant Group leader will be responsible for ensuring that safety guidelines are met. No food or drink will be permitted during the group. Each group leader has decided for fall 2020 as to whether their will meet inside or outside and have online or an inside location as back up in case of weather.

Picnic and Christmas Banquet

These events will not be held in fall 2020. This policy will be re-evaluated for the spring 2021 semester.

Ministry Lunches

All in-person Ministry Lunches will be suspended for fall 2020 to ensure limited risk for classes being held on campus. We will also not facilitate or encourage one-on-one meetings with recruiters/outside organizations. Only virtual meetings will be offered and publicized during the allotted Ministry Lunch times on Tuesday/Thursday.

Student Organizations

All regular meetings and events will require Student Life approval. No events that exceed a 50-person capacity will be approved. Food or drinks at events will be considered on a case-by-case basis. New student and spiritual formation-focused events will be prioritized. Any event/ meeting that is approved must also fall within the Facilities cleaning schedule. Events

that take place outside will be encouraged, but they will be cancelled if weather does not permit; however, a detailed plan of how the 6-foot rule will be enforced must be attached. A staff or faculty member must be present as well to enforce the safety measures for the duration of the event.

Log Cabin

Whether the Log Cabin activities resume this fall is still to be determined. If they do, the following guidelines will be put in place.

Limits on Numbers of Families and Staff

Log Cabin will run daily, Monday through Friday, with two 2-hour sections of childcare. Families will sign up either alone or with one other family they have selected (a “Quaran-team,” if you will). If two families sign up together, they will receive a weekly 2-hour slot. If a family signs up alone, they will receive a bi-weekly 2-hour time slot, essentially splitting time with another family who signs up alone.

A minimum staff of 2 adults will be in place for each 2-hour block, with a maximum of 8 children from 1–2 families only. The number of Log Cabin workers will be limited, and they will be working more hours to limit the number of adults for the children to come in contact with.

Cleaning Protocols

Handwashing is required upon entering and exiting the Log Cabin. Children’s temperatures will be taken upon entering and exiting as well. We will have contactless drop-off and pick-up in place.

Masks should be worn by adults at all times, but will not be required for children (per campus policy; see “Children, Families, and Households,” p. 35).

Only toys that can be run through the dishwasher will be allowed and will be rotated between each family/Quaran-team. NO toys from home are allowed.

Only one room of the Log Cabin’s two rooms will be accessible to children. The entire building will be aired out between each use and all surfaces will be sanitized by Log Cabin workers before and after each time slot.

Participation Policy

Families who sign up together stay together; there will be no trading permitted. If one child shows symptoms, parents will be notified, all children will be sent home, and the Log Cabin closed for cleaning/disinfecting. Each family will sign a waiver acknowledging the risk of participating in Log Cabin childcare and agreeing to the stated policy for drop-off, pick-up, and closing due to symptoms.

Schedule

Time slots are scheduled for 8–10 a.m. and 2 – 4 p.m. each day the Log Cabin is open. For the morning slot, workers will arrive at 7:30 a.m. and depart at 10:30 a.m. to clean before and after. For the afternoon slot, workers will arrive at 1:30 p.m. and depart at 4:30 p.m. to clean before and after.

Monday

8 – 10 a.m. / Group A
2 – 4 p.m. / Group B

Wednesday

8 – 10 a.m. / Group E
2 – 4 p.m. / Group F

Friday

8 – 10 a.m. / Group I
2 – 4 p.m. / Group J

Tuesday

8 – 10 a.m. / Group C
2 – 4 p.m. / Group D

Thursday

8 – 10 a.m. / Group G
2 – 4 p.m. / Group H

COVID-19 Safety for the Playground

The campus playground is open for use under the following guidelines.

1. Use of the playground and the equipment therein is **at your own risk**, as per the Housing Handbook.¹
2. All parents must sign in upon entering the playground using the QR code posted at each entrance. This will allow CTS staff to contact trace if any positive COVID cases arise.
3. All children using the playground are to be **supervised by a parent at all times**. Children who are unsupervised by a parent will be asked to leave the playground.²
4. To reduce the risk of spreading COVID, **only campus resident families** may sign up to use the playground. No off-campus families will be allowed, including relatives or Seminary families who live off-campus.
5. **A maximum of five families may use the playground at any given time**. This limit is in place so that parents and children will have plenty of room to spread out and play.³
6. There will be **1 picnic table and 1 bench** in the playground area. There will be camp chairs available for use in a bin underneath the covered area. Please sanitize the chairs with the Lysol spray and put them away in the designated bin after use.
7. Both parents and children are asked to **wash their hands** before going to playground and then to wash their hands when done playing.⁴
8. Both parents and children (ages 6 and older) are to **wear a face covering when you will be closer than six feet** to people who are not in your household.⁵
9. Covenant Seminary **staff will disinfect playground equipment once during the day** throughout the week (Monday through Friday). The playground will be closed during that time.
10. **Do not use the playground if anyone in your family has any symptoms of any sickness whatsoever**. Symptoms include but are not limited to: cough, runny nose, fever, vomiting.
11. Concerning toys for the playground, please refer to the Housing Handbook: **A resident's toys may be taken to the playground but must be returned to tenant storage or the bike rack** when the child leaves the playground.⁶
12. Covenant Seminary reserves the right to **modify these protocols at any time**.

Covenant Seminary

Covenant & Commitment

As a member of Covenant Seminary, I affirm and recognize that we are not just a school. Together, we serve the church of the Lord Jesus Christ. Together, we are called to love one another, respect one another, protect one another, and serve one another in the spirit of Christ. As we enter into this covenant together, and in the season of the coronavirus, with lives and health at risk, we affirm together that we will follow and obey all rules, policies, advisories, and practices required by government authorities, mandated by our institutional responsibility, and communicated by institutional leadership. We will serve Christ, serve one another, and serve our larger community beyond the campus by following institutional policies designed to prevent the transmission of disease.

I understand that I bear a personal responsibility to know current school policies, to abide by stated rules, to accept personal responsibility, to show my love for Christ and for other members of the Covenant Seminary family by cooperating eagerly, earnestly, and consistently. I understand that failure on my part can lead to the illness of others, risking lives and health and jeopardizing the ability of the Covenant Seminary community to fulfill our mission together on this campus and beyond. Failure to follow current school policies may result in the removal of the ability to attend in-person classes at Covenant Seminary.

I willingly join this Covenant and Commitment, pledging my personal honor. We join in this covenant together, affirming the privilege we share as members of this community of faith and learning, as we serve Christ together. I make this commitment my personal pledge.

Definitions of Terms

COVID-19 Symptoms

People with COVID-19 have had a wide range of symptoms reported—ranging from mild symptoms to severe illness. Symptoms may appear **2–14 days after exposure to the virus**. People with these symptoms may have COVID-19: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea. This list does not include all possible symptoms.⁷

Healthcare Provider:

A doctor of medicine or osteopathy who is authorized to practice medicine or surgery by the state or a nurse practitioner or a physician assistant who is authorized to diagnose and treat physical or mental health conditions by the state.

Face Covering and Disposable Face Covering:

Refers to a covering that has two or more layers of breathable fabric that completely covers the nose and mouth and fits snugly against the sides of your face and does not have gaps.

Social Distancing:

Is the act of staying at least 6 feet from other people who are not from your household in both indoor and outdoor spaces.⁸

Contact:

Is defined as **someone who had any contact with an infected person** (probable or confirmed COVID-19 case) while they were infectious—starting from 2 days before illness onset (or, for asymptomatic clients, 2 days prior to positive specimen collection) until the time the patient is isolated.⁹

Close Contact:

Is someone who was **within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period** starting from two days before illness onset (or, for asymptomatic clients, two days prior to positive specimen collection) until the time the patient is isolated.¹⁰

Possible Case:

- A person meeting [clinical criteria](#) AND [epidemiologic evidence](#) with no confirmatory laboratory testing performed for COVID-19.
- A person meeting [presumptive laboratory evidence](#) AND either [clinical criteria](#) OR [epidemiologic evidence](#).
- A person meeting [vital records criteria](#) with no confirmatory laboratory testing performed for COVID-19.¹¹

⁸ <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/social-distancing.html>

⁹ <https://www.cdc.gov/coronavirus/2019-ncov/global-covid-19/operational-considerations-contact-tracing.html#:~:text=Close%20contact%20is%20defined%20by,by%20local%20risk%20assessments>

¹⁰ <https://www.cdc.gov/coronavirus/2019-ncov/global-covid-19/operational-considerations-contact-tracing.html#:~:text=Close%20contact%20is%20defined%20by,by%20local%20risk%20assessments>

¹¹ <https://www.cdc.gov/coronavirus/2019-ncov/covid-data/faq->

Confirmed Case:

Meets confirmatory laboratory evidence for COVID-19.¹²

Self-Isolation:

Is used to separate people infected with SARS-CoV-2, the virus that causes COVID-19, from people who are not infected.¹³

Quarantine:

Refers to a strategy used to **keep someone who might have been exposed to COVID-19, but does not know if he or shee is infected, away from others.**
